Bicycle Map

Bicycling in Delaware

This map series is just one step that the Delaware Department of Transportation (DeIDOT) is taking to encourage all modes of transportation. It features a network of State, regional, and connector routes to help cyclists get where they need to go. All roads in the state of Delaware, except limited access or express state highways (which includes I-95 and the Delaware Memorial Bridge), may be traveled by bicycle.

DeIDOT has several road improvement projects and studies to make bicycling and walking safer and more pleasant. These are listed online at [deldot.gov/information/projects/](http://deldot.gov/information/projects/). Any new roadway project in Delaware needs to accommodate bicyclists and pedestrians.

Along with road improvements, initiatives going on in the state include:

- Delaware Bicycle Facility Master Plan
- Bicycle Safety Checks
- May Bike Month
- Delaware Bicycle Helmet Bank

Learn more about Delaware's active bicycling community of shops, clubs, and advocacy organizations by visiting DeIDOT's bicycling webpage: [bike.deldot.gov](http://bike.deldot.gov).

Have fun bicycling!

**Bicycle Friendly State**

**Safety**

**The Helmet Law**  
Children under the age of 18 must wear a helmet while bicycling or in a trailer or bike seat. The helmet law also led to the formation of a bicycle helmet bank to provide free helmets to children who cannot afford to buy them. Helmets are available through the public schools, or you can contact the DeIDOT bicycle coordinator at 302-769-2509.

**Get There Safely. Know Your Responsibilities.**  
Share the road. Don't assume motorists can see you. Never ride against traffic.  
3C's: Courtesy, Caution, Common sense. Follow signs and signals.

Have Fun. Curb Your Car.

It's easy to live a car-lite, or even car-free, lifestyle in Delaware! Use your bicycle and these tips to start down the path to a healthier, more efficient form of travel.

1. Find your home on the Delaware Bicycle Maps and draw a circle with a one- or two-mile radius around it. Use a highlighter to mark places inside the circle that you regularly visit.
2. Choose a familiar place and try bicycling rather than driving. See if you can find a comfortable route and secure parking. Add a new location every 1-2 weeks.
3. See if you can find a closer destination for errands that fall outside your circle. By slowly increasing the number of bicycle trips and incorporating transit or using a carshare program, you'll be living car-lite in no time!
